

Welcome

As I sit to write to you, our valued client and prepare what we are going to fill you in on, I think wow, it is that time of year already! And what a year it has been. In every which way, all of us have had many different things to deal with and more than one usually would.

This is when I would really like to express how grateful we are to have our loyal, valued clients still supporting us. It means a lot and we want you to know just how much we appreciate it.

Which now leads me to say that we want to put you, our valued client, first. Even now when both our clinics are getting extremely busy, we encourage you to make sure you get your Cup Day and Christmas appointments booked early. As the clinics are getting busier, the days are warmer and longer our therapists are getting booked up quickly and your first choice of day and time might not always be available, so be in quick as we are filling up fast and we want to keep our clients happy, so we encourage you to rebook.

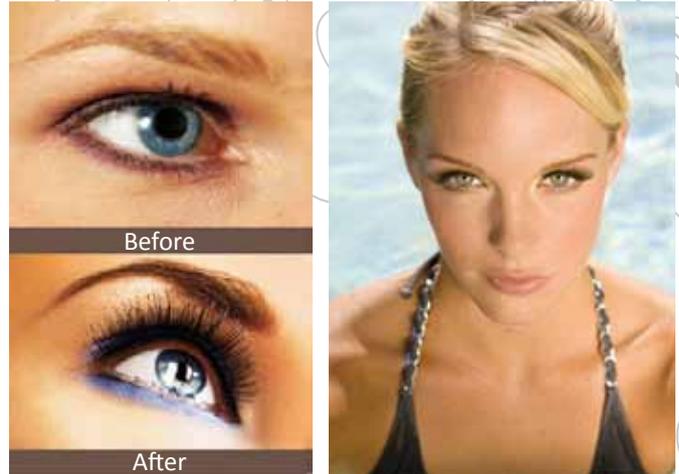

A little incentive to you from us for rebooking in the months of September, October and November is you will automatically go into the draw to win one of the two gift baskets full of goodies valued at \$450. One drawn each month per clinic.

To make it even easier we now have available ONLINE BOOKING, so exciting! All you do is visit our website www.absolutebeauty.co.nz, and follow the easy steps. Just make sure when booking you book the right clinic you wish to have your appointment at.

We are now offering some exciting new services at both Rangiora and Kaiapoi clinics:

LASH PERFECT - Professional eyelash extensions. We can create longer, thicker, curlier and more abundant eyelashes. Our qualified therapists will extend your lashes by applying synthetic extensions directly onto your own natural eyelashes one at a time to each individual lash.

Eyelash extensions last 3-5 weeks before maintenance is required. They are resistant to water, water based cleansers, heat, pool chlorine, perspiration and safe with contact lenses.

Various lengths, curls, thickness and colours are available for a customised look.

Full set \$120 allow up to 2 hours.

Infill \$60 allow up to 1½ hours - required every 3-5 weeks.

Another exciting treatment is our shellac polish.

Shellac™

SHELLAC POLISH - is a polish that does not chip or smudge, doesn't need any drying time, as each coat is cured under a UV lamp.

When you are in next, talk to your therapist about your skin care regime. We can see if there is something new or better for you as we head into the summer months.

MAKEUP - we were so sad to hear that Bare Minerals was getting taken off the market and for me I thought nothing would compare. I have met with so many different reps from different companies, looked at so many ranges but was never in love with their product until I found ADDICTION MINERALS. It is amazing! It originated from Paris, is fragrance free, Paraben free and has amazing colours. It also has liquid and compact foundations as well as loose mineral powders.

Addiction Minerals

PARIS

We are having a huge launch for it in our Rangiora clinic on Wednesday October 26th from 5.30pm. Our ASAP skin care representative will be there demonstrating microdermabrasion and giving skin care advice as well as Krystal from Addiction Minerals. There will be give aways and goodie bags.

JARAE

RACHEL

TESSA

ANNA

AMANDA

KEIKO

As I have saved the best to last I thought I would give you an update on our staff. We were sad to see Zoe leave for Wellington but we have had some new girls start, which is nice to bring different range of experience to Absolute Beauty.

In Kaiapoi we have:

RACHEL ELLEN

Rachel has 10 years of experience. She specialises in skin, has a wealth of knowledge and loves to work with clients to receive the results they are wanting whether it be a course of microdermabrasion, in depth facials or home care advice. Rachel works Monday 10-4pm, Thursday 9-8pm and Saturday 10-3pm.

AMANDA TIMPSON

Amanda has a huge passion for the beauty industry and has built up a large clientele since being with Absolute Beauty. She loves to see her clients walking out the door renewed and pampered after receiving a relaxing and professional treatment from her. Amanda specialises in eyelash extensions, waxing and electrolysis. Amanda works full time Tuesday - Saturday.

KEIKO ITO

Keiko originated from Japan and has been in New Zealand since 2007. We are very lucky to have Keiko on board with us as she has a huge passion for nails and is very talented in nail art. She specialises in manicures, Shellac polish, prescription nails, pedicures and also eyelash extensions. A pedicure with Keiko is to die for! Also a set of prescription nails gives you a well groomed look. Keiko works full time Tuesday - Saturday.

In Rangiora we have:

ANNA ROBB

Yes I am still around (I'm not that easy to get rid of). I have

10 years experience and have owned the Rangiora clinic for 7 years and the Kaiapoi clinic for 3 years. I have recently taken a step back from working in the clinics since having my two beautiful children who keep me busy. I'm now back working in Rangiora Tuesday 9-5pm and Thursday 9-8pm. I am also proud to have such a great team of therapists, love the products we have chosen to stock and it is such a kick for me to still see the clients that came to me way back, when, visiting the clinics. If they have an appointment with me or another therapist, it makes me feel I am doing something right! Good on you ladies!

TESSA DYER

Tessa is almost becoming part of the furniture here at the Rangiora clinic and has done really well to hold the fort for me while I have been away having kids. She has a really bubbly, friendly personality and has great relationships with clients of all ages. Tessa specialises in electrolysis, waxing, spraytans and she is also great at giving skin care advice. Tessa works full time Monday - Friday.

JARAE CALDER

Jarae has been our hidden secret. She has been working with us part time as she is a fully qualified beauty therapist, but she has been training this year in spa therapy which includes many more body treatments and different massages etc. Jarae works Tuesday, Friday and Saturday and is very talented at her massages. She assesses each individual client to see what they need and where their trigger points are. Her clients leave feeling amazing after releasing tight knots and toxin build ups. She can also incorporate hot stones if needed and does a full hot stone massage as well. So book a massage with Jarae or treat that someone special to a gift card.

Once again, thank you all for your support. Don't forget our make-up launch! We look forward to seeing you there.
